The News.

We have later news from Europe by the *Arago*. Her Majesty's government is ready to adopt any such measures as the United States government may propose, to meet the difficulty of slavers hoisting the American flag. News generally unimportant. The growing crops in England look favorable for an abundant harvest, which depresses the breadstuffs market. Prices, however, nominally unchanged.

The *Europa*, with Liverpool dates to the 5th inst., three days later than those by the *Arago*, arrived at Halifax, yesterday. In the Liverpool market, flour had declined 6 to 10d, and wheat 2d. Political news unimportant.

The appointment of Col. M. STEVER, as Postmaster of this city, has been confirmed by the Senate. The extra session of the Senate will probably adjourn on Thursday.

The floods South continue to do enormous damage to property. It is feared that the city of Cairo will be entirely ruined.

One of the passengers who escaped from the ill-fated steamer Pennsylvania, says that four hundred persons were on board at the time of the explosion, and thinks that not less than *two hundred and fifty* lives have been lost by the disaster.

A further improvement was reported in the New York Market yesterday. The report that Milwaukee Club Wheat was quoted at 96c on Monday, was either a telegraph or typographical error. It should have been 94c. Our market was active yesterday, and wheat 1 to 2 cents higher. Weather cloudy in the morning, and rainy in the afternoon.

A New Postmaster.

On Monday evening we learned that the Senate had *rejected* the nomination of Col. STARKWEATHER, of the *News*, as Postmaster of this city, and yesterday afternoon the telegraph brought the news that the same Senate had *unanimously* confirmed the nomination of Colonel STEVER, as P. M in Col. STARKWEATHER'S place. Col. STARKWEATHER deserved a better fate at the hands of a Democratic Senate, having gone all lengths to serve the party and stand up for the Administration. We are not yet aware of the causes of his rejection.

The appointment of Col. STEVER is an unexceptionable one. He is a good citizen and an honest man, and quite enough of a Buchanan Democrat to satisfy the most exacting party martinets. Of course, he has the additional recommendation of coming from Pennsylvania.

Lake Michigan Transit Company.

In a brief reference, yesterday, to the rapid progress of the Detroit and Milwaukee Rail Road, and the certainty of its completion to Grand Haven, on the eastern coast of Lake Michigan, by the 1st of September next, we expressed the opinion that none but first class sea-going steamers, should be placed upon the line, which is to connect this road with our Wisconsin system of railways. Measures are already taken to ensure that desirable result.—The late Legislature granted an excellent charter to the "Lake Michigan Transit Company," and this Company are about to organize for the purpose above indicated. As will be seen by the notice in our advertising columns, books for subscription to the stock of this Company, will be opened to-day, at the office of DAVID FERGUSON, Esq., Secretary of the Corporators, at the Wisconsin Marine and Fire Insurance Company Bank. It only remains for those who feel an active interest in the success of this great enterprise to come promptly forward and subscribe, as liberally as their means will allow, to the stock; select capable and responsible men for Directors, and perfect, as soon as may be, the organization, and in *less than ninety days*, the necessary boats will be provided, and this grand avenue between the Atlantic sea-board and the ever expanding North-West, will be inaugurated under the most favorable auspices.

The Editorial Convention.

A number of Wisconsin Editors and Publishers arrived in our city on Monday evening and yesterday forenoon, on their way to Madison, to attend the Convention which meets there this day. Col. ROUNSON, of the Green Bay *Advocate*, who was appointed Orator of the occasion, is unfortunately and unavoidably detained by the serious illness of a member of his family. He has, however, sent his Address to be read to the Convention. Most of the delegates left our city, for Madison, yesterday afternoon.

TROTTING OUT ITS CANDIDATES.—The *News*, of yesterday, parades the following "official" list of Democratic candidates for Congress in the Third District:

Hons. John Fitzgerald, of Oshkosh; E. Fox Cook, Sheboygan; Charles Larabee, Horicon; P. H. Smith, Appleton; S. Wheeler, Berlin; Temple Clark, Manitowoc; C. A. Eldridge, Fond du Lac.

All aspirants for the honor of the nomination, whose names are not in the above list, will please consider themselves "ruled out." None but "honorables" can be recognized. We are a little surprised, by the way, that the *News*, which made such a tremendous fuss about the election of Judge DOOLITTLE to the U. S. Senate, should propose and endorse Judge LARABEE, as a candidate for the House of Representatives!

DEATH OF GUY MORRISON.—This venerable pioneer of Illinois, the uncle of our worthy townsman, James Morrison, Esq., died at his residence at Collinsville, in that State, on the 5th inst., at the age of 78 years. His death was caused by injuries received in attempting to get on the cars at Caseyville, some time previous. Mr. Morrison was the last of several brothers, all men of uncommon enterprise. He migrated from Pennsylvania and settled at Kaskaskia forty-four years ago, and was engaged with his brother William in business at Cahokia for several years, and furnished supplies for the army. He eventually became an extensive farmer,—was twice married—has left a widow, but no children. He has left an immense estate in the rich lands of the country, probably not less than $600,000 in value; which, if not specially devised otherwise, will mainly descend to the children of his brothers.—*Madison Argus, June 14th.*

The Flood in Indiana.

VINCENNES, Ind., June 15.

The Wabash river is now stationary, being one foot higher than the last great flood, and higher than has been known since the great flood of 1828.

Spring Street, and Improvements Going on up that way.

The handsomest street on the West side of the River, and decidedly the finest drive in the City, is Spring street, which, beyond the hill, is called "Spring Street Avenue." Its beauty is fully appreciated too, for, every Sunday hundreds of people walk and drive out upon it, for miles, to enjoy the numerous pleasant sights which may be seen there. On last Sabbath, after church time, we sauntered out in this direction, and leisurely followed our nose, until we had got about two and a half miles from the American House. As we have said already, hundreds of others were also enjoying the pleasant walk. For nearly two miles the walk on one side of the street is planked, and nearer the city, bricked. Beautiful shade trees, make a large portion of the distance still more agreeable.

The first noticeable object when we get out of the thickly settled portion of Spring street, is the fine new Church edifice of the Congregational Society, which stands on the South side of the street, upon a recently made, and beautiful lot, which, in times gone by, was a dirty pond of water, on the side of the hill. Services are now held in the basement of the church, as the upper part is not yet finished, but it is fast approaching completion. It is rather a handsome building, and may be seen from most any part of the city. Rev. DE LOS LOVE is the pastor of this church. Nearly across the street from this church, W. H. BYRON, is putting up a fine block of brick dwellings, about five in number, which, when finished, will be very desirable residences. A number of minor improvements are also going on in this immediate vicinity. On and in the neighborhood of Spring street, are the mostly costly mansions in our city. Every one who passes this way will admire the splendid residences of ALEXANDER MITCHELL, HARVEY BURCHARD, JAMES KNEELAND, and many others; the latter gentleman's house situated in a park, more beautiful than which no prince would desire. Its beauty, as we peep through the close fence and trees almost dazzles us, yet it is principally in its natural state.

Beyond this, on the South side of the street, is the charming grove, where, up to last year, our Fourth of July celebrations have mostly been held. A little further West, on the other side of the street, are the handsome grounds where the State Fair was held some time ago, and the location of "Camp Juneau" last year. It is as beautiful a piece of ground as can be found about the city, and would be a magnificent site for a palace, such as stands on the opposite side of the street a little further up. On the South side of the street now commences the extensive domain of JAS. H. ROGERS, Esq., which extends West, full half a mile, if not more. We have before spoken of Mr. ROGERS' stately mansion. A more elegant residence that it, will hardly be found in any part of the country. On the other side, is the shady grove, where the Turner's celebrations, and Sunday School pic-nics are often held. On this beautiful spot, ANSON ELDRED, Esq., is erecting a splendid dwelling, vieing in grandeur with its palatial neighbor over the way. Still further up the street, numerous thrifty dwellings have recently been erected in the pleasant shade of the trees. About one-fourth of a mile further up, is the old Catholic Cemetery, which is now being removed some miles further from the city. The remains of the dead which have reposed here for years, are being dug up and re-interred in the new Cemetery.—In looking among the few remaining tombstones, some very beautiful and affecting inscriptions met our eye, and also some that were rather ludicrous. Among the latter, the following, as a specimen, will do, omitting the name:

"Remember man when you pass by.
As you are now, so once was I;
As I am now you soon must be,
Prepare for death and follow me.

Some people have peculiar notions about the dead. They must jumble something into a rhyme and have it inscribed over the ashes of departed friends. Reading the above, for instance, forcibly brought to our mind the following lines once composed by a German poet, in English, and inscribed upon the tomb where his children lay buried:

"Hear lies mine babes so dead as silts,
Vot Got has kill mid ague fits;
Day vay too good to liv mid me,
So He took dem home to stay mid He."

The removal of this grave yard, will be a great improvement to Spring street. It occupied one of the pleasantest sites in this locality, and, we learn, has been purchased at a big price. Passing still further west, the scenery on each side of the "avenue" become more beautiful, and we soon come to what is known as "Palmer's addition." Quite a number of neat little cottages have been erected here during the past year, and we noticed a number now in progress of erection. A very handsome piece of ground east of this is Ogee & Ludington's addition.—There are some fine residences still further out, and one very fine orchard, and nursery. Here we made a break through the shady woods on the north, and after traversing through the brush about half a mile, came out on the Watertown Plank Road. The sun was rather hot and by the time the plank road was reached, we were too tired to take any further observations, but made the best of our way for the city.

POLICE COURT YESTERDAY.—The keeper and inmates of a house of ill-fame on Van Buren street between Michigan and Huron streets, were brought up before the Police Court, yesterday morning, and fined by Judge WALWORTH as follows: Frederick Mason, the keeper of the house, was fined $50 and costs; Mary Stevens, Ellen Jerome, James Brown, J. H. Kline, B. F. Roberts, and Nancy Porter, inmates of the same, were each fined $5 and costs. Mary Ann Jackson, disorderly, was fined $5 and costs; James Hurley, do., fined the same amount.

Caroline Druker, convicted of larceny, was sentenced to 30 days imprisonment in the County jail. Nancy Johnson fined $1. Edward Lahey, for driving on street, fined $5 and costs.

"GREEN-EYE" ON BLUNDERS.—Little "green eye," of the *Free Democrat's* Local, spreads himself extensively on the strength of a few trivial typographical errors which got into our overloaded columns of Monday. This "small potatoe individual" makes it his business, now-a-days, having no other means to gratify his malignant nature, to hunt through the columns of his contemporaries for mis-prints, and exhibit his wonderful "larnin" by exposing them. This is a sort of business which none other than an extremely small spirit would engage in. We are all liable to make mistakes, and the *Free Democrat's* reporter is no exception to this rule. In the very article in which he assails us, is a stupid blunder, and in the same column we could point out several others did we feel disposed to retort in this manner. The error which occurred in our quotation of potatoes, which he dwells upon with so much delight was discovered, and corrected before one quarter of our edition had been printed, and it was so evident a mis-print that any one, but a very ass, would have known it was such. In relation to our table of shipments "little green eye" gets off the following:

In his tables he put down 10,000 bushels of corn as being shipped from this port this season. There has not been a bushel shipped, unless it be a very small quantity to lumber ports.

This statement is simply a lie. The corn *has* been shipped from this port, the present season, as may be seen by the Custom House books, from which we got our information. We did not enquire whether it was raised in Wisconsin or Illinois. It was entered as shipped from this port and that was enough for us. So much for that. The "small-potato individual," again charges that we try to shift all the blame of our errors on the "poor types." It is of little consequence where an error originates, when it gets into print. It must then go for what it is worth; we have no fears, however, that our columns will not bear a favorable comparison with the ordinary run of newspapers. It is not so, however, with the local and commercial columns of the *Free Democrat*, for they, almost every day abound in stupid grammatical blunders, and uncouth expressions of the "small-potato individual," above alluded to, the blame of which can not well be "shifted on the poor types," but are attributable only to his want of a proper knowledge of the rules of Grammar. We have now done with this mighty small subject, and we would charitably advise "green-eye," to confine his limited knowledge to his own beggarly columns in future, and let his cotemporaries take care of theirs.

FIREMEN'S MEETING.—PREPARING FOR THE FOURTH.—There was a very full attendance of the officers of the Fire Department at the meeting on Monday night, at the house of Engine Co. No. 2. All were unanimous in their decision that the Fourth should be properly celebrated, and as far as it lays in their power to get up a fine celebration, no pains will be spared.—To this end committees were appointed to make all necessary arrangements, and also to confer with other committees that may be appointed to prepare for the celebration. It was also decided that the firemen would all turn out in uniform, the evening before the celebration to hear an oration or lecture at Albany Hall. Who the orator of the occasion is to be, we have not learned. It is now full time to appoint a general committee of arrangements, and make other preparations for the celebration, and we therefore move that a meeting be called for that purpose at the Court House, on Saturday evening next. Will not some of our patriotic citizens second the motion?

A COMPLETE SAFE.—A day or two since Messrs. SCHUMACHER & JOHNSON, proprietors of the Great Western Safe Manufactory of this city, showed us a large safe, of their manufacture, which they were about to ship to Prescott, for the banking house in that place. The safe in question was a large one, weighing 6,000 pounds, though not as large as some others which they have manufactured. It was, however, one of the most complete safes we have ever seen, and in every particular the most complete. On the inside it measures 44 inches in height, 30 inches wide, and 18 inches deep, with an unusually strong outside door, provided with one of the celebrated combination locks made by themselves, and also a thick iron inside door, with a similar lock to the outside door. In the interior of the safe is an apartment called a sub-treasury, which, in itself is a little safe, and is full as secure as the outside one. This also has a combination lock, of a smaller size than those on the outside doors, which, however, would be just as difficult to open. The outside work of the safe is unusually strong, and the most skillful burglar, though he *had the keys* and all the instruments that he could need, would not be able to open it short of three days steady work, and then it would be necessary to cut it to pieces before reaching the sub-treasury, the opening of which would be another difficult job.—When the Prescott City Bank gets this safe, it will not be in danger of being plundered by the gang of bank robbers who have recently committed such daring robberies in various parts of the State.

FIRES.—An alarm of fire, for the Third District, was sounded between 3 and 4 o'clock yesterday morning. It proceeded from the steam tug *Notter*, owned by Mr. SIMS, of Buffalo, who is now engaged in dredging our river. The fire had made considerable headway before the alarm was given; but the firemen were promptly on hand and succeeded in extinguishing the flames. The principal damage done was to the upper works of the boat; the hull and machinery was but little injured. The total loss to the vessel is about $1,000; but in addition to this there was a considerable amount of clothing, furniture, &c., destroyed.

Between ten and 11 o'clock another alarm was sounded for the Fifth District. It proved to be a small frame building on Elizabeth street. The flames were speedily extinguished—damage inconsiderable.

MATRIMONY.—To-night at 8 o'clock, in Albany Hall, Prof. FOWLER will lecture on our social relations—The Continuance of the Race—To the Unmarried—Who should, and who should not Marry—The Right Age—Likes and Dislikes—Marrying Cousins—Jealousy, its Causes and Cure—Beauty and Fashion—The Choice of Congenial Companions for life—Adaptation—Courtship and Marriage—Interesting to both sexes. Tickets only 25 cents.

During the day Prof. FOWLER will give charts and written descriptions of character to those who may desire, in the anti-room of Albany Hall.

DESCENT UPON A HOUSE OF ILL-FAME.—On Monday night the Police made a descent upon a den on Van Buren street, in the Third Ward, and arrested the keeper, together with all its inmates who were all fined in the police court, yesterday morning, the keeper of the house $50, and the others, men and women, $5 each, and costs. They made so much disturbance that the people of the neighborhood were obliged to make complaint of them. This is the second disreputable house which has recently been broken up by the police, and it would be to the credit of the city if a few more of them were cleared out.

☞ You must not forget that CALEB WALL has a great sale of Furniture, on Thursday morning, on Michigan street. Read his advertisement.

☞ Sons of Malta meet to-night at 7½ o'clock.

D'ANGRI AND VIEUXTEMPS COMBINATION CONCERT.—Our readers will be pleased to see, by an advertisement in another column, that the above celebrated artists, in conjunction with Mr. ERNEST PERRING, the celebrated English tenor, Signor ABELLA, and Madame VIEUXTEMPS, will give *one* grand concert in this city, on Thursday evening next, at Albany Hall. This will indeed be a rare treat, for with a combination of such names as HENRI VIEUXTEMPS, Madame D'ANGRI, ERNEST PERRING, and Signor ABELLA, we may expect a musical entertainment of no ordinary character. The price of admission has been fixed at *one dollar* to all parts of the house, and no extra charge for reserved seats. The sale of seats will commence this morning, at 9 o'clock, at HEMPSTED'S music store. Go early, as there doubtless will be a rush.

The following notice of the playing of VIEUXTEMPS is quoted from the N. Y. *Tribune*:

VIEUXTEMPS, who had often been on his previous visit to this country, and were prepared for the great delight we knew he had it in his power to afford. This accomplished artist favored us with some of his most elaborate and difficult compositions, giving us *ideas*, (not merely manifestations of the work of pliant fingers,) weaving a spell around his hearers they were unable to break, exactly as when we dwell on silent raptures on the sentiments we meet with in some beautifully written poem.

The execution of VIEUXTEMPS is so perfect and easy, *apparently*, nothing seems strange or difficult about it; the *skill* seems nothing, but the *effect* upon the mind and heart, who can measure that? Who can describe it or ever forget it? It has an effect upon our senses, as near as we can give utterance to our thought, that is produced by any work of genius—by anything that is properly ART! The idea of *fiddling*, vulgarly comprehended, does not apply to M. VIEUXTEMPS' peculiarities of playing. The tones he elicits from his instrument are provided, anon sweet, so soft, that they are as

"Musical as is Apollo's lute"—

then nervous, strong, and yet always so pure, that there seems to be no intervention of strings, between his will and execution—no resistance to the bow and the hand that brings forth the concord of sweet sounds at the artist's own sweet will—providing his study of mechanism of the violin to have been so patient that his labors are now crowned with victory, a noble triumph; all the resources, all the utmost secrets of the instrument known to him.

We can add nothing, we are sure, to what has been awarded "again and again—and a thousand times again," to the *great wonder of the age!*

THE CITY PRINTING.—The *News*, it seems, was too hasty in boasting of having been appointed City Printer. The Council has not yet decided to whom the printing shall be given.—At the last meeting of the Board of Aldermen, the Committee on printing reported that they were unable to decide who was the lowest bidder, and therefore offered a resolution, recommending that the Comptroller be directed to advertise anew for proposals, which was adopted. The matter is therefore, yet undecided.

ARMORY MILWAUKEE LIGHT GUARD, }
June 14th, 1858. }

At a meeting of Company "A," Milwaukee Light Guard, held at their Armory, on the 17th inst., the following preamble and resolution was unanimously adopted and ordered published:

Whereas, The Milwaukee Batallion, has been dissolved by operation of the new Militia Law; therefore, resolved that this company drop the words, "Company A," which were taken under such organization, and that it hereafter be designated, and called by its original name "*The Milwaukee Light Guard.*" By Order.

H. PALMER, Sec'y.

PERSONAL.—Mr. S. M. HEWLETT, a gentleman who is widely known throughout this State, as a Temperance lecturer, passed through our city yesterday, on his way to Kenosha, where he will deliver a discourse on his favorite theme, this evening.

☞ TO MOTHERS OF MILWAUKEE.—Would you apply poisons to the delicate nervous coating of the stomach, for a local difficulty like a Felon, a Broken breast, a painful swelling, &c., &c.? By no means. Then do not give poisonous narcotics and irritating drugs to your child for Croup, but apply De Grath's "Electric Oil," and if it don't cure the Croup in one day come to the Office and get $50. Only office, 30 South Eighth st., below Chestnut street. This Oil will take out a burn in 20 minutes.

☞ For sale by Bosworth & Sons, and J. H. Tesch Milwaukee; Fahnestock & Davis, and Reed's Co., Chicago; and by Druggists and Merchants generally throughout the country. je9d4w1y

☞ A good-looking friend of ours, who is on this side of forty, though somewhat heavy-headed, while absent from the city a few days, used Prof. Wood's Hair Restorative, and on his return called to see his lady-love, but was amazed to find she did not recognize him; and immediately determined to pass (by accident of himself, but was overruled by the prime mover) as one to be whole, I say he can be returned and I will refund the money. LATEST NEWS!

BY MAGNETIC TELEGRAPH

Later From Europe—Arrival of the Europa.

HALIFAX, June 15.

The steamship *Europa*, from Liverpool at 1 P. M. of the 5th inst., arrived to day. She passed the *Persia* on the 6th inst. The City of Baltimore and Anglo Saxon arrived out on the 3rd.

GREAT BRITAIN.—The Commons passed, on the 3rd, the Atlantic Telegraph and Property qualification bills. Mr. D'Israeli, in reply to a question, said there had been no rupture on the negotiation which had been opened with the Emperor of China.

In reply to a question, Mr. Fitzgerald said that the Government had no official information of the arrest of Capt. Judkins, of N. Y. With regard to the other question, the American Government had made grave charges against certain British officers, but no official account had been received from those officers. He could only say of occurrences such as those complained of, they would be received with the deepest regret by the Government, and immediate explanations given. The fullest information should be laid before Parliament as early as possible.

Meanwhile, he had only to add, that orders had been sent out to the officer in command of the Cuban squadron, to make every enquiry into the subject, and that the greatest caution and forbearance should be exercised towards vessels bearing the American flag.

LIVERPOOL MARKET.—Big'nd, Athaya & Co. quote flour 6d@10d lower; wheat 2d lower; beef firm; pork quiet; bacon quiet, but firm; lard heavy, at a decline of 2s; tallow declared at 1s6d, butchers 58s@58s6d; sugar heavy, at a decline of 6d; molasses active; coffee steady; tea quiet but firmer—Congou 10½@10½d; linseed oil 38s6d@34s.

LONDON MARKET.—Breadstuffs dull but steady. Sugar heavy at decline of 6dals. Coffee steady. Linseed oil quiet 32s@33s. Tea firmer, Congou 10d@10½d. Consols closed heavy on Saturday noon 97¼@97¾. Money abundant at 2½ per cent. Bullion in bank increased £90,000. American securities dull but firm for State stocks. Railroad inactive.

The Steamboat Disaster—The Crevasse at Cairo.

CENTRAL, Ill., June 15.

About sixty of the sufferers by the *Pennsylvania* explosion, came from Cairo to-day, being principally bound for St. Louis. Many being in a destitute condition, were passed free over the Ill. Central R. R. A passenger estimates the number aboard at 460, and thinks 250 were lost.

The reports from Cairo are of a most alarming character; water still rising; now running over the Ohio levee in several places.

Mr. Ashley Chief Engineer of the Illinois Central gave an opinion that one foot more rise will sweep the town entirely away. Mound City is under water. The Depot grounds, the highest part of the town, were covered to the depth of 4 to 5 inches. Passengers were conveyed a quarter of a mile in flat boats to the cars.

Later from Europe—Arrival of the Arago.

NEW YORK, June 15.

The steamship Arago arrived at noon to-day, with London dates to the 2d inst. Her news is mostly embraced in the accounts per Novia Scotia via Cape Race, but there are some items of interest.

The Atlantic Telegraph fleet was expected to return to Plymouth the 4th inst., previous to the final departure to lay the cable.

Reinforcements are to be sent to Canton.

The British Minister at Florence had suddenly and unexpectedly returned to England.

The news from India was mainly anticipated by the Novia Scotia.

Schamyl was collecting troops, and a violent collision had occurred between the Circassians and Russians—five hundred of the latter killed.

In addition to the statement from Cape Race, on the subject, Mr. Fitzgerald said her Majesty's government had signified to government of the United States, that they were ready to adopt such measures as the latter might suggest to meet the difficulty that slavers almost invariably hoisted the American flag.

The Europa arrived out on the 30th May.—Vanderbilt on the 2d June.

LIVERPOOL MARKET.—By telegraph from Liverpool to Southampton, June 2.—Messrs. Richardson, Spence & Co., report the prospects favorable for the growing crops—which operated to depress the markets for flour, wheat, &c.,—although closing quotations are essentially the same as those advised by the Asia on the 29th ult. The general tone of the markets for wheat and flour is that of extreme dullness. Indian corn continues firm, for yellow 34s. 6d; white dull, 32s.; prime Northern, 33s.; Pork continues very quiet. Bacon firm. Lard dull and all qualities have slightly declined. Tallow quote, less.

LATEST.—Sugar dull at previous rates. Coffee transactions were very limited, and previous prices barely maintained. Linseed oil steady.

Washington Matters.

WASHINGTON, June 15.

The extra executive session will probably adjourn on Thursday.

Many nominations are left unacted upon, and more are to be sent in.

Mr. Winslow, member of the House from N. C., will probably be nominated as minister to Spain.

Contrary to the advices sent from here to some of the press, the War Department has received no later dates from Utah than those of Governor Cumming. The views of some officers of the army, as expressed in some letters, are, that he went into Salt Lake City too hastily—that he has been deceived, and that the Mormon friendship is not to be relied on. It will be recollected that the army was sent to Utah as a *posse comitatus*, subject to the order of Governor Cumming, and cannot move without directions.

There are no new developments by the last arrival. The army will move as recently directed, branching off at such intermediate localities as require protection.

Congressional Proceedings.

WASHINGTON, June 15.

SENATE—Special Session—Mr. Mason, of Va., called up his resolution relative to British aggressions, which occasioned a long and interesting discussion, in which Messrs. Benjamin, Mason, Clingman, Doolittle and others participated.

The debate was very long. Without action, adjourned.

Correspondence of the Missouri Democrat.

Latest from Salt Lake City—The Mormon War Ended.

WESTON, Mo., June 8th, 1858.

I have seen a letter from Utah, just received by a gentlemen of this city, from a *perfectly reliable source*, dated Salt Lake City, May 8th, just thirty days ago, which says that Gov. Cumming had arrived; and that he had been kindly received; and that Brigham Young had quietly permitted him to enter upon the office and duties of Governor of the Territory; and that the Mormon army had disbanded, and the people had gone to work upon their farms; and that a message had been sent to General Johnston informing him of the disbanding of the Mormon forces; and that no resistance whatever could, or would be offered to his entry into the City; and that Salt Lake City was perfectly quiet, and that peace prevailed generally.

The Mormons that Gilbert spoke of as going to Sonora, and to the Russian Possessions, were confined exclusively to those Mormons that had gone to Salt Lake from Bernardino, a Mormon settlement in California, with a view of protecting the city and entering the Mormon army. The Mormons having determined to have peace, these Mormons were, returning to their homes, and were no part of the population of Utah, who are all at still in that Territory, and have no more idea of abandoning their houses than the same number of people in Missouri have. The idea of the Mormons burning the Temple and destroying their houses and property and abandoning their homes, is ridiculed and pronounced a falsehood. Thus ends the great Utah war. There is no doubt as to the truth of this news.

Yours truly, WESTON.

Kansas Correspondence.

LAWRENCE, K. T., June 8th, 1858.

Ex-Governor Stanton addressed a large audience in this city last evening, in opposition to the English swindle. It is reported that he will speak throughout the Territory.

The wound of Gen. Lane, received in the late affray, is very bad, and he may have to suffer amputation. This affair created the most intense excitement, which is now somewhat subsided. The examination of the parties was postponed on yesterday, until next Monday.

Mr. Wells, who was arrested a few days since as one of the murderers of the Browns in Linn county, was recognized by one of the men who was wounded at the time.—*St. Louis Democrat.*

TERRIBLE STORM.—THE WABASH HIGHER THAN EVER.—We learn from passengers down last evening, that the country North of the National road, was visited on Thursday, with one of the most terrible storms of rain that has ever been known. Immense damage was done to all the railroads. Not a single train, it is said, on any of the six or eight railroads, arrived at Indianapolis yesterday.

All the streams are overflowed. The Wabash is three feet higher at Lafayette than it was ever known before, and lacks only one foot of being as high at Terre Haute as at any former period.—*Vincennes Gazette, June 12th*

The Cleveland Wool Depot.
Established in the Winter of 1854.

HAS been in operation over four years, during which period, though the progress has been impeded by the adverse years of 1856-1857, the practicability of the plan has been clearly demonstrated. That the house affords superior advantages to the Wool Growers of the West as a medium for passing their wool into the hands of the manufacturer, is now no longer a question. But although a very large number of Wool Growers have availed themselves of those advantages during the last four years, the surprising fact may appear to many, our receipts have been larger from Merchants and Wool Buyers than from Wool growers, and this may be accounted for mainly from the fact, that, as a class, the wool growers are the last more easily induced and admitted than the former, by the statements of a few operators who are wholly opposed to all efforts having for their object the obtaining of the "wool trade," or the enhancement of prices to the producer.

The past year, character-ized as it has been by the most disastrous financial embarrassments, has been one of the most unfortunate for producers, and especially sales of wool; and the fact that the prospects have been remarkably successful, notwithstanding these disadvantages, and given almost universal satisfaction to consignors, proves, we believe sufficient confidence to induce large consignments from wool growers.

To those who have been prejudiced by false rumors, and who have been misled by misrepresentations, we have frequently made advances equal to the price they have been offered for their wool. Such advances, however, should not be required, as the enterprise was started for their benefit, and the sales are principally made with a view, and we hope the encouragement will be such as to continue our efforts. Indeed, wool growers, particularly the present year, cannot afford to do without such influences as the Cleveland Wool Depot can extend to them.

This year, must be a particularly favorable one for wool growers to test the merits of the wool depot system, and we have no hesitation in saying to those who have already made advances equal to the price they have been offered for their wool. Wool is constantly assorted, and put up into different styles and grades, thus rendering it more attractive to the manufacturer, who frequently does not wish to purchase mixed lots. Here he can obtain the kind and quantity of wool adapted to the quality of goods he manufactures, and can thus afford to pay 2 to

MILWAUKEE:

WEDNESDAY MORNING, JUNE 16.

Won't Face the Music.

We cannot persuade our neighbors of the *News*, to discuss the Investigating Committee's Report. It will have nothing to do with these "dead issues." It can talk glibly enough about "Republican corruption," and turn up its eyes in well affected horror, at the "wholesale bribery" of a "Republican" Governor, Legislature, &c.; but it will not be induced to go into particulars, to analyze the evidence, to name names and to place the responsibility where it belongs.

We confess that this is just what we expected of the *News*. Even during last Fall's campaign, when that paper and the Madison *Argus* were clamoring, day after day, for "investigation" we knew it was all for *buncombe*; and that investigation was really the very last thing they wanted. This was sufficiently proved by their course, and that of their party friends, during the winter. Instead of aiding the investigation, which they had so loudly and persistently demanded, they hindered it in every way. The Democratic witnesses were either missing or refractory, and when the Assembly brought these last up with a round turn, the Democratic minority was shocked at the violation of constitutional and individual rights! The Democratic papers had a great deal to say about this "Star Chamber tribunal"; about the expense and length of the investigation, &c.; but never a word about its revelations. And now that the Report is published, these honest and consistent journals, which were so anxious to have the people know all about the secrets of the Land Grant, will not so much as publish one of them.

They continue, to be sure, their diatribes and invectives against ex-Governor BARSTOW; but as for ex-Governor BARSTOW, Lieut. Governor MCARTHUR, Comptroller DENNIS, Speaker HULL, and that large army of Democratic martyrs, who fell victims to the seductive influence of the Land Grant, they preserve a common and concerted silence. Do they suppose that the intelligent people of Wisconsin will fail to perceive and appreciate the reasons for this silence? Do they expect that the public will credit the sincerity of their indignant protests against Republican corruption, whilst they conceal, or connive at the very same sin in Democratic leaders? Do they think to fasten the responsibility for this flagrant wrong, upon the Republican party, when the evidence and the record show that *three-fourths* of the wrong-doers were Democrats?

If they lay any such flattering unction to their souls, let them speedily undeceive themselves.—If they would have the People of Wisconsin attach credit to their statements, put confidence in their professions, and agree with them as to where the responsibility lies for whatever was wrong, or corrupt in the Land Grant Legislation of 1856, let them throw off those miserable party shackles which hold them in durance vile; refuse the dishonoring gag which fetters their free speech,—and, regardless of whom it may hit, *dare* to tell their readers "*the truth, the whole truth and nothing but the truth*"

Murderers appointed to Office.

A day or two since, the *News* published a philippic against MONTGOMERY and LANE, two citizens of Kansas, who have been more or less connected with several of the bloody feuds which, under the patronage of the Pierce and Buchanan Administrations, have been so shame, fully frequent and so criminally left unpunished. The *News* referred to these cases, not that it has any special horror of the crimes which it charged upon MONTGOMERY and LANE, but because it sought to make Republicans responsible for their ill deeds. It will be quite time enough to attempt this, when the Republicans excuse or justify those deeds, or bestow offices and honors upon their perpetrators. But if the *News* really desires a theme for its invectives, we commend to it the perusal of the following letter from the Detroit *Tribune*. None of our readers who remember the particulars of the bloody and fiendish murder of the unoffending BARBOUR, can fail to share the burning indignation manifested by the writer, at the appointment of the brutal MURDERER to a lucrative and honorable office under Mr. BUCHANAN'S Administration!

WASHINGTON, June 10, 1858.

The country will learn with astonishment and disgust, that the President has conferred upon Gen. W. Clarke, the murderer, of Kansas, a life office—a purser ship in the Navy, which is almost a sinecure, and which is worth, when on service, about $2,500 a year.

This Clarke not only killed Barbour, one of the most estimable of the free state citizens of Kansas, at near the beginning of the troubles, but during the last eighteen months he has been the head and front of the sanguinary conspiracies and tumults at and around Fort Scott, where he has been stationed as acting receiver of the land office. Let honest Democrats who are disposed to regard the Kansas difficulty as a local affair and a mere domestic disturbance, contemplate this last act of the Administration, in all its connections and consequences.

This man Clarke, is universally believed in Kansas to be the ringleader of those assassins who periodically come over the Missouri lines into Kansas upon missions of murder and plunder. Beside the killing of Barbour three years ago, he is charged with having concerted with Brockett and Hamilton the horrible assassinations committed by those persons, and their band, during the last spring. During the whole period he has been kept under pay—by the government. And now, as a reward to him, and as an example to others, he is promoted into the navy of the United States. It is useless to mince words in treating of such infamies. Buchanan, by his appointment of Emory, Clarke and Woodson, has made himself the patron, protector and accomplice of murderers, and adopted assassination as one of the elements of the democratic government. Let him be held to a just responsibility.

CONNECTICUT COMING RIGHT.—The result of Monday's election in Norwich, Ct., is significant. The Democrats have gained a decisive victory for the first time in several years, and are naturally quite jubilant. Norwich is the home of the present Republican Governor of Connecticut, and gave him a considerable majority at the State election in May.

Democracy has obtained a footing in Connecticut that Republicanism cannot easily undermine, and will be likely to cause disappointment to those who flatter themselves that New England will soon send a rich list to the Houses of Congress in favor of the Republican cause.—Connecticut is the next egg of Democracy in New England.—*N. Y. Jour. of Com.*

This paragraph was approvingly copied into the *News* of Sunday morning, and no doubt had the do-lied effect of persuading some credulous believer in *bogus* Democracy, that Connecticut was "coming right." But the *News* and the *Journal* cackled too quick over this "cast egg." The telegraph on Monday apprized us that Norwich had elected Amos H. Prentice (Republican) Mayor, by a handsome majority over the combined opposition. Of course, as this true story essentially damaged the above quoted fable, the reliable *News* suppressed the item!

THAT "NEW PARTY."—Col. SCHOULER, of the Boston *Atlas*, makes this reply to the Boston *Post*:—

The *Post* need not be alarmed about the new party or the new name. The Republican party will hold on to its principles; the only change likely to occur will be after 1860, when it will assume the name and functions of the *Administration Party*.

As the *News* has manifested great interest in the organization of this "new party," we commend Col. SCHOULER'S remark to its attention.

Pencilings by the Way.

Madison to Prairie du Chien.

From our Travelling Agent and Correspondent.

PRAIRIE DU CHIEN, June 11th, 1858.

As the cars leave Madison, bound for the Western terminus of the Mil. & Miss. Rail Road, the change in the aspect of the country, and the difference in soil, is marked. The pleasant scenery around Madison is now left behind, and the gentle undulating prairies and openings are no longer to be found, at least along the line of the track. The country becomes rougher, the soil lighter, the timber is more stunted, and the land more sparely settled. There is a peculiar character to the country, through which the rail road winds itself, towards Prairie du Chien. Every few miles there is a flat of prairie or their openings; each one of these flats has a brook running through it, and on all, or nearly all, of the brooks, a water power has been formed, a mill erected, and a village started; each village is edged round with high bluffs, with bold fronts and sides, through, and out of which, monstrous rocks are grinning at the cars, as they wind along the level land, which is, indeed, the only place where a rail road could be built, except at an expense that no company of the present age could bear. There is such a sameness with all these villages, that a description of one might answer for all, except as to the amount of improvement, and perhaps choice of locality. After passing Middleton, Cross Plains, and Black Earth, we arrive at Mazomanie, where, in addition to the ordinary matters of fact of an inland village, there is an eating saloon, close to the track. I am very well aware that this institution, needs no eulogy at my hands; it is to well known to need puffing. I had frequently heard of it, but confess I was surprised when I saw it. It is more like the dining room of a first class hotel, than any thing else to which I can compare it. I noticed that the meals were ready when the cars arrived, and that they were excellent, the attendants were on hand, and that the traveller obtained for a low price, as good a meal "among the bluffs," as he could get any where. Mr. A. G. DARWIN, is the proprietor, and H. B. SHARMAN, the manager; passengers can rely upon having a first rate dinner, &c., at Mazomanie.

There is a very fine stone flouring mill here, and quite a sprightly looking village. It is the point from which the stages start and arrive from Sauk. About nine miles further on is Arena, said to be nearly as old in settlement as Prairie du Chien. Spring Green and Lone Rock, are passed, where the bluffs echo back the shriek of the whistle, that is startling, the "sweet vale of Avoca." This place is like the next ones, Muscoda, Boscobel and Wauzeka, all are on pretty spots of flat land, like prairies lying between high bluffs, that if the ground is ever removed, will reveal nothing but masses of rocks. The bluffs are in some places covered with timber, small but of a vigorous growth, with here and there small thickets; in others the bluffs are as bare as the back of a Mexican dog, looking somewhat dreary; the flats are however, a great part of them, under cultivation and some very good farm houses are seen, as well as other improvements. The Locomotive has indeed been the civilizer of these parts.

The heavy rains had so swollen the Wisconsin, that it had spread itself over miles of country playing the "dickens" with the railroad track, which was covered with water in many places.—The work done by the Railroad Company, in the way of repairs and precaution against accidents, is prodigious. For a long stretch of track, the spaces between the ties are filled with stone, to prevent the track from being washed away.—The country was completely inundated, thousands of cords of wood were floating about, fences had been washed away, and, carried along by the current, were brought up against trees in panels. The damage done is great; the energy of the Railroad Company has corresponded, and the track secured while no accident has occurred. I found that many of those passengers, who, at Madison, where we were detained for some time, had been so loud in their censure against the Company, drew in their "horns" after passing over the track slowly but safely, while some of them, who were blasphemous at being laid up all night, because the Company would not risk the lives of hundreds of passengers, by running, *in the dark*, over miles of track, some of it a foot under the water, that ran at the rate of five or six miles an hour, but thought it prudent to wait for daylight—these *growlers* were satisfied, after passing over it themselves, that it was judicious on the part of the Company, to run their trains only in daylight over a dangerous part of the road. Some of these who are always after the company, and I have no doubt, would have held them responsible, if they could, for the overflowing of the Wisconsin, were astonished, and suddenly hold their tongues when informed that the Company—that is the Milwaukee and Mississippi Railroad, had never, from the time the road was first travelled on, to the present day, caused the death of one person through their carelessness or that of their servants.

At Wright's Ferry there is a temporary change in the appearance of the country; rafts of logs, that appear to cover acres of water, are floating in the Wisconsin River. The stream itself looks curious, the water seems to be running in among the trees, and leading all to wonder how raftsmen can at such a high stage tell where the channel is. The country now takes on its bluffy look again, and the bad part of the track having been got over in perfect safety, and as fast as common sense would wish, like iron horse seems to let himself out, and must be going nearly 80 miles an hour, along side the river, that is if the river is where the water is, which is by no means certain. Mountains, bluffs or hills, on a grander scale than those we have before passed, rise up until their tops are up in the clouds. It was a gorgeous summer day, and what, with the bluffs on one side, the river on the other, islands that seem floating past the cars, small boats occasionally seen, a house now and then peeping out from among the trees, the scene was pleasant indeed, as we approach Prairie du Chien.

If I counted rightly, we have passed through, since leaving Madison, twelve villages, which, I should think would range in population from 100 to 500. The signs of improvement are visible in many of them, such as the foundations of new buildings, &c., but I cannot omit noticing one important defect in nearly all of them, the want of churches; the school house I am told supplies the omission in many of them. I need hardly say that the *Sentinel* has "dropped its thoughts" in all of them, and that at any of them it is a great favorite. J. W. H.

Who Voted for High Postage.

It was Senator JOHNSON (Democrat), from Arkansas, who moved to *double* the rates of Letter Postage. The proposition was warmly and ably resisted by Senator STUART (Republican), but prevailed in the Democratic Senate by the following vote:

YEAS—Messrs. Benjamin, Bright, Broderick, Brown, Clay, Clingman, Davis, Fitch, Gwin, Hunter, Johnson (Ark.), Johnson (Tenn.), Mallory, Pearce, Polk, Reid, Sebastian, Thomson and Yulee—19.

NAYS—Messrs. Bigler, Chandler, Clark, Doolittle, Douglas, Fessenden, Foster, Hamlin, King, Pugh, Rice, Seward, Stuart, Wilson and Wright—15.

Yeas—Nineteen Democrats!

Nays—Nine Republicans, six Democrats.

The House refused to concur in this Old Fogyish amendment; and, after a long struggle, on the last day of the session, the Senate reluctantly gave way, rather than lose the bill.

HOW TRUE THIS IS.—"It is not the work that kills men; it is *worry*. Work is healthy; you can put more on a man than he can bear. It is not the revolution that destroys the machinery, but the friction. Fear secret acids; but love and let us are sweet juices."

Proceedings of the Board of Supervisors of Milwaukee County.

(*Continued.*)

The following account was presented and, on motion, referred to the committee on claims and accounts:

Joseph C. James, for salary, $150 00.

Leave was granted Mr. James to make a statement and explanation in relation to the management and condition of the County Poor farm.

Mr. Lindwurm moved that a committee of five be appointed by the Chair to investigate the condition of said farm, when Mr. Howes moved to lay said subject on the table, which motion prevailed.

The committee on Superintendents of the Poor, to whom was referred the following accounts, reported in favor of allowing the same as follows, to wit:

J. H. Cordes	$857 33

Jacob Nunnemacher,	185 75
J. M. Zander,	149 78
Bradley & Metcalf,	1,000 00

Which report was concurred in with no dissenting voice.

The committee on claims and accounts, to whom was referred the account of Joseph C. James, amounting to $150 00, reported in favor of allowing the same as charged, which report was agreed to by the Board.

The committee on Superintendents of the Poor, to whom was referred the account of Dr. Meinecke, amounting to $10 00, for medical services, reported the same back without action to the Board.

On motion of Mr. Phelps leave was granted Dr. Meinecke to withdraw his account.

The committee on Justices and Constables, to whom was referred the account of Wm. Wedemeyer, amounting to $12 00, reported in favor of allowing the same at $6 00.

Mr. Conrad moved that said account be allowed as charged. Which motion was so amended by Mr. Howes, to allow the same at $9.

The question being taken on the amendment offered by Mr. Howes to the motion of Mr. Conrad, the same was adopted by the following vote:

Ayes—Barnett, Carroll, Douglass, Daggett, Egan, Everts, Howes, Keough, Lindwurm, Niedermann, Phelps and Tobin.

Noes—Do Yos and Conrad.

The committee on Justices and Constables, to whom was referred the account of F. Kessler, amounting to $5, reported the same back, without action, to the Board.

Mr. Daggett moved that F. Kessler have leave to withdraw the same; which motion prevailed.

The committee on claims and accounts, by their chairman, Mr. Phelps, offered the following resolution:

Resolved, That the Chairman and Clerk of this Board be, and are hereby authorized to sign and issue County Orders to C. F. Kasten, Clerk of this Board, to the amount of three hundred and fifty-seven dollars and sixty-five cents, to balance of wood account between the County of Milwaukee and himself, said wood being bought for the use of Jail and Public Offices.

Which resolution was concurred in by the Board.

Mr. Daggett offered the following resolution:

Resolved, That the Clerk of the County Board of Supervisors be, and is hereby, directed to advertise for sealed proposals in the English and German City papers, for one week, for doing the County Printing during the ensuing year, and that he be directed to make such arrangements, together with the committee on Printing, as will give the County Printing, in the English and German language, to the lowest bidder.

Which resolution, on motion, was laid on the table.

On motion of Mr. Keough, the Board adjourned until 2 o'clock P. M.

AFTERNOON SESSION.

Board met pursuant to adjournment.

Present—Messrs. Barndt, Carroll, Douglass, Conrad, Egan, Howes, Keough, Lindwurm, Niedermann and Tobin.

Mr. Tobin in the Chair.

Sundry accounts were presented, and on motion referred to the appropriate committees.

The Committee on the office of the Clerk referred the following account reported in favor of allowing the same as charged:

C. F. Kasten, $49,00.

Which report was agreed to with no dissenting voice.

Mr. Howes offered the following resolution:

Resolved, That an appropriation be and is hereby made, and the Chairman and Clerk be and are hereby required to sign and issue County orders to Henry Fowler, Henry Suppus, and Andrew Sullivan, for three hundred dollars each for Salary as Superintendents of the Poor from January 1st, 1858, to May 1st, 1858.

Mr. Daggett moved that said resolution be laid on the table.

The Ayes and Noes being demanded on said motion the same was agreed to by the following vote:

Ayes—Barndt, Carroll, Douglass, Daggett, Egan, Everts, Flowers, Keugh and Niedermann. Noes—Conrad, Lindwurm, Parkinton and Tobin.

Mr. Howes moved to take up the foregoing resolution, just tabled, and refer the same to a committee of three. Mr. Daggett to be chairman of said committee. Which motion prevailed.

Accordingly the chair appointed, Messrs. Daggett, Howes and Lindwurm as such committee.

The committee on supply for public offices, to whom was referred the account of Schumacher & Johnson, amounting to $0,75 reported in favor of allowing the same as charged, which report was concurred in.

Mr. Keough offered the following resolution:

Resolved, That a committee of five members, from this Board be and are hereby appointed to inspect the County Poor House, and devise the best and most judicious suggestions that in their opinion will meet the approbation of this Board, and leave a detailed statement, of such, before this Board adjourns.

Mr. Howes moved that said resolution be laid on the table; which motion was concurred in.

Mr. Daggett moved that the committee on the Treasury Department, be instructed to ascertain the amount, number and date of Tax Certificates now in the office of the County Treasurer; and report a detailed statement to this Board at the earliest convenience. Which motion was agreed to.

Mr. Conrad offered the following resolution:

Resolved, That the chairman and clerk be instructed and empowered, to issue and sign such County Orders, as have been allowed during the present session. Which resolution was adopted by the Board.

Mr. Lindwurm offered the following resolution:

Resolved, To request the Superintendent of the Poor, to advertise and receive proposals at every six months, for furnishing the wants of the poor, and contract under such proposals, with the lowest responsible bidder; which motion was concurred in by the Board.

Mr. Egan moved that the special committee, consisting of Messrs. Daggett, Howes and Lindwurm, to whom was referred the resolution in regard to the salary of the Superintendents of the Poor, be instructed to report to this Board before it adjourns; which motion was adopted.

The committee on printing, to whom was referred the account of Schaeffler and Wendt, amounting to $286,70, reported in favor of allowing the same as charged; which report on a call for the ayes and noes, was concurred in by the following vote.

Ayes—Barnat, Conrad, Everts, Howes, Keigh, Lindwurm, Niedermann and Tobin.

Noes—Carroll, Douglass, Daggett, Egan, Plankinton and Phelps.

The same committee to whom was referred the account of Endres and Orff, charged at $8,00, reported in favor of allowing the same; which report was rejected by the following vote:

Ayes.—Carroll, Conrad, Egan, Keough and Tobin.

Noes.—Barndt, Douglass, Daggett, Everts, Howes, Lindwurm, Niedermann, Plankinton and Phelps.

The same committee to whom was referred the account of the Milwaukee daily *News*, amounting to $331,38 reported the same back without action to the Board. On motion said account was re-committed to the committee on Printing.

The committee on claims and accounts to whom was referred the following accounts reported in favor of allowing the same as follows, to wit:

Green & Button	$60, 93.
Robert Wasop,	130,00.
Anthony O'Brien,	120,00.

Which report was concurred in by the following vote:

Ayes.—Carroll, Douglass, Conrad, Everts, Keough, Lindwurm, Niedermann, Plankinton, Phelps and Tobin. Noes.—Barndt, Daggett, Egan and Howes.

The same committee to whom was referred the account of H. L. Page for board of Robert Wasson and Anthony O'Brien amounting to $109 reported in favor of allowing the same at $85.

To be Concluded.

THE CROPS IN ILLINOIS.—A correspondent of the St. Louis *Democrat*, writing under the date of June 3rd, says that "the corn question is settled beyond the possibility of cavil or doubt;" that there "is no chance at all for a crop;" the last hope being "buried in a watery grave". As to the wheat prospects, he says:

Now, sir, I am prepared to take up the wheat question; nor do I suppose you will be at all surprised when I state that the prospect for a heavy crop has not improved materially since the date of my first epistle. Nor is it necessary to do more in order to show what the real prospects are, than to state that a portion of the heaviest wheat has already tumbled with its own weight—that another portion (north of us) has been beaten to pieces by hail—that a third portion is standing in water, and that the fourth and last (fortunately not least) portion is standing erect in full bloom, promising to make something of a crop, if it only escapes the rust, the bug, and the storms a couple or three weeks longer.

The Chicago *Journal* of Monday afternoon, contains the following pragraph on the same subject:

CROP ITEMS.—A correspondent writing from Marshall, Henry county, says: "The prospect for a crop is gloomy indeed; but little corn is planted, and the rains continue. Wheat will not be good, and if there is not a change in the weather, soon, the corn crop will be a perfect failure."

Another correspondent writing from Lacon, Marshall county, June 7th, says: "Everything but wheat is drowned out, and a great quantity of that also. The last rain we had, drowned out ten acres of mine at Wenona. There is no corn planted in this part of the country, and every body says there will be no corn raised this season—it has got to be too late for it to mature."

Similar accounts reach us from other quarters of Illinois, Ohio, Indiana and Missouri. It must be considered that the prospect for Corn and Wheat, in those States, is slim enough.

Chicago, St. Paul & Fond du Lac R. R.

A meeting of the bondholders of the Chicago, St. Paul & Fond du Lac Railroad was held yesterday at the office of the company, No. 12 Wall street, New York city, for the purpose of taking into consideration what measures should be taken to complete the road to Fond du Lac by the 1st day of August next, in order to secure the grant of 153,000 acres of land to the company according to the provisions of the grant.

Thomas Ogden was called to the chair. Mr. Ogden, President of the road, opened the proceedings by a detailed report of the present condition of the road, and explained the objects for which the meeting had been called. From his remarks it appeared that about a year ago the management of the road, expected to have it completed to Oshkosh within ninety days; but the financial panic occurring, par ties who had sold them the iron for the purpose, attached it, and caused a suspension of the work.

And since that period much has been the general depression in money matters that the company had been unable to make any headway; and now the time had arrived when immediate action was necessary, for the company had only about fifty days left in which to complete the road to Oshkosh, seventeen miles north of the present terminus, in order to secure the grant of 154,000 acres of land. As the ground is graded, and ties ready on the spot, $50,000 would be sufficient to complete the work, and it was suggested that the land grant or second mortgage bondholders subscribe the required amount.

This course would not only render more safe their present securities, but increase them to the extent of the 154,000 acres of land, valued at $700,000, and seventeen additional miles of railroad, which would bring $600,000 more; while a failure to advance the amount required would result in a serious sacrifice to the Land Grant bondholders.

The road, Mr. Ogden represented to be completed from Chicago to Janesville, 92 miles; between Janesville and Milton, 8 miles, graded and ties out ready for the rails; between Milton and Watertown, 28 miles, the road has been surveyed and right of way obtained; between Watertown and the LaCrosse junction, 18 miles, the road is graded and ties ready for the rails; from the latter junction and a point ten miles north of Fond du Lac, 40 miles, the work is done; from the point of road last referred to, and Oshkosh, the road is graded and ready for the iron, and it is this latter section which it is important to complete at once.

Mr. Ashley offered a resolution to the effect that in the opinion of the meeting it was highly important that the Land Grant portion of the road between Fond du Lac and Oshkosh be completed at the earliest possible moment, and that the Land Grant bondholders be applied to by a committee to be appointed for that purpose, to subscribe the necessary amount. The resolution was adopted, and Messrs. Ogden, Ashley and Tilden appointed such committee; and on motion, Messrs. Wm. A. Booth, Paul Spafford and John Bradley were appointed a committee to wait upon the holders of the first mortgage bonds and confer with them if possible, obtain their consent to apply the earnings to complete the road between Janesville and La Crosse junction, a distance of eight miles.—*N. Y. Herald, 10th.*

STOUGHTON AS A BUSINESS POINT.—By the statement for last month we see that the business done at the depot in this village was by far greater than any other point on the M. & M. R. R., excepting Milwaukee and Prairie du Chien.

Monroe, the termination of the branch road, did not ship as much wheat by several thousand bushels, while Madison and Whitewater, which are villages of some pretensions, shipped only half the amount, each.—*Stoughton Signal.*

AYER'S
CHERRY PECTORAL!
FOR THE RAPID CURE OF
Coughs, Colds and Hoarseness.

BRIMFIELD, Mass., Dec. 20th, 1855
DR. J. C. AYER:—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you first wanted it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.
BROTHER AYER:—I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chief diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicines to our people.
HIRAM HONKINS, M. D.

THAMOR LEE, Esq., Monterey, Ia., writes 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your *Pectoral*, by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis

WEST MANCHESTER, PA., Feb. 4, 1856.
SIR:—Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY D. PARR, Merchant.

We might add volumes of evidence, but the most convincing proof is the virtues of this remedy, is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Scarcely one human add can resist it, but even in those the *Cherry Pectoral* affords relief and comfort.

Consumptives do not despair till you have tried Ayer's CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

ONE DOLLAR
WILL BUY
ONE OF THE BEST PURGATIVE and Liver Medicines the public has, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicines known. It is not only a Cathartic to relieve costiveness, but it acts on the liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the pain of Cathartics in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.
DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gum Guaic. Some ten years research of these gums may be required when it is known that one bottle of the invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.
Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescription until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to make it more extensively known. If you have tried it and found it to benefit you, you will now remain a friend to the invigorator.
INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.
JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, in any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.
COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state; and work as regularly as clock work.
SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects acidity and soreness of the stomach.
For an overaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.
DR. SANFORD'S INVIGORATOR says to us recommend it as a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor indeed go to prove, and we are not aware of a certain infallible cure of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything with the utmost impunity, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint or Dyspepsia* trouble you, or if you would have the greatest remedy in the world.—*State Xtad.*
We take infinite pleasure in recommending this medicine as a preventive of, and CURE FOR, COUGHS, COLDS, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands and are willing to testify to its wonderful virtues.
There has never been tried in our family a remedy that has given such unbounded success in the cure of diseases incident to children, as Dr. Sanford's Invigorator; nor is it alone for diseases of children that we use it, for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly, that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala., Republican.*

TO THE AFFLICTED.

DR. TILTON, having returned from his Southern tour, has taken rooms at the Massasoit House, Chicago, where he will now remain a few days, and those who suffer from Consumption, Indegestion, Nervous Debility or Weakness, will do well to call on him and have his advice. His
GREAT EAST INDIA REMEDIES,
Which he discovered in Calcutta after many years of research and labor, have become so thoroughly known and appreciated, that an attempt has been made by a few scientious parties, with the expectations of gain, here and elsewhere, to counterfeit it; therefore, Dr. Tilton cautions the public not to buy this worthless drug as the genuine, no matter how represented, as he is the only Physician in the United States has possession of the original receipt. Dr. Tilton may be consulted at Room 8, Massasoit House, Chicago, where he has had year succeeded in successfully curing hundreds of terrible cases of Consumption, Nervous Debility and Indigestion, Asthmas, Bronchitis, Coughs and Colds. The Canadais Indica and Lung Balsam, are the greatest blessings of the age. Give him a call, or send for a bottle of medicine which will cost you two dollars. Address,
DR. TILTON,
Box 1109, Chicago, Ill.
N. B.—I have not, nor never had, any connexion whatever with a person calling himself Dr. Gilbert, on State Street, Chicago. I have no agent or successor here or elsewhere. o. ap28d&w26dly

MONEY MATTERS.—There is rather an inactivity in the banking business at present, and but little enquiry for Exchange. In general business there is a moderate degree of activity. Not much doing in the shape of bank discounts at ten per centum. Other than strictly business paper is not operated in, to any extent. Exchange on New York steady, at 1 per cent premium. Note brokers rates unchanged, 1½ to 2¼ per cent per month. Gold more inactive at 1 per cent.

OUR MARKETS.

RECEIVED BY MIL. & MISS. R. R.—493 bbls flour, 20,678 bus wheat, 1,424 bus oats, 87 bus potatoes, 315 bus barley, 6 bbls eggs, 13,560 lbs hay, 14,795 lbs sundries, 90 lbs butter, 100 lbs hides, 1 head cattle, 1 car stone.

M. L. & W. V. R. R.—4,684 bus wheat, 859 bus oats, 73 bus corn, 90 bus barley, 100 bus rye, 101 bus potatoes, 900 lbs butter, 1,000 lbs hides, 3 bags, 2 sheep, 65 lbs wool, 6 bbls eggs.

The produce market to-day has been active, and wheat from 1 to 2c higher. The market closed firm yesterday, but was decidedly firmer to-day, and we notice a disposition on the part of some dealers to hold back for a still further advance. The wheat market has been quite active during the day, with rather an upward tendency in prices toward evening. Receipts continue heavy, and as the mills are now all running again there is a good demand for choice club and winter wheat, to mill. The farmers who reside close to the City, are now rushing in their grain, and the receipts by team cannot, we think, be less than 7,000 bushels per day at present, which, together with the railroad receipts, will make an average of 43 to 45,000 bus of wheat daily. Some very choice lots of winter wheat come in by team, and is bought by the millers generally. We noticed several loads of choice white going to the Empire Mills at 90c, and a large quantity at 87@c. By the telegraph this evening, we see that flour is 10c better in the New York Market, but Milwaukee club is quoted at 94@, though 2c higher in the Buffalo market than yesterday. The Liverpool Breadstuffs market, we see by the Arago's news, is dull. This, however, will have little, if any effect at the present time in the N. Y. market. Within the past few days a rise of 1½c has taken place in Ocean freights; notwithstanding which, however, the N. Y. market was advancing. The weather has been warm and sultry to-day, with a steady rain in the afternoon. We quote to day:

WHEAT—Active at 78a75 for choice No. 1 and extra club. Market lively, and holders firm, with an upward tendency in price s. Among the sales to-day we note the following: 16,000 bus choice No. 1 at 74c, f. o. b.; which was the only sale in store, we heard of to-day. Sales from platform of 7,700 bags No. 1 and extra at 74c, in lots as follows: 400 bags, 2,000 do, 800, 150, 1,000, 150, 800, 800, 600, 800, as reported to us; also 800 bags extra at 75c, as follows: 450, 150, and 200, mostly sold toward evening; also 1,100 bags ordinary No. 1 at 73c. The millers are buying considerable winter white wheat as prices ranging from 86 to 90c. No sales of red winter reported.

FLOUR—Firm and unchanged. Sales of 100 bbls "Star Mills" spring extra at $4,00; 350 bbls "Empire Mills" spring extra on board at $3,45; 56 bbls "Markesan," 100 bbls "Richland City," 118 bbls "Columbia," and 180 bbls "Simplex" spring extra on board.

FREIGHTS—Rates about the same. To-day the Schooner Geraldine was engaged to take a cargo of wheat to Kingston at 7c, and the Sch. Wm. H Craig, wheat and flour to Buffalo at 4 and 15 cents; Sch. Terry-not wheat to Ogdensburgh at 7c, and Sch. Contwright wheat to Buffalo at 3½c.

OATS—Not so active, though prices are unchanged. Sales light; we note the following to day: 50 bags at 30c, 60 do at 30c, and 70 do at 31c.

RYE—Heavy at 50a53c.

BARLEY—Quiet at 50a55c. Some very choice lots are bringing 60c

CORN—Little doing and unchanged.

POTATOES—Sell more readily at 25c for ordinary qualities, and 29a30c for superior lots.

EGGS—Plenty at 8c by the bbl.

BUTTER—Very dull and lower, if anything. Best fresh roll is selling to-day at 9a10c.

HIDES—Receipts not so large. In fair request at 6½c for green, 6½a7½ for do salted, and 12a14 for dry.

SHEEP PELTS—12½ for shearlings, and $1a1,35 for full wool pelts.

SALT—Variously quoted. Mostly at $1,50a1,55 in the yards, and $1,60 delivered at depots.

NEW YORK MARKET.

New York, June 15.

FLOUR—Market 10c better, with moderate home trade, there is also a fair speculative inquiry; sales 1700 bbls at 3 90a4 for super State; 4 10a4 25 extra do; 3 90a4 05 super western; 4 10a4 25 com to medium extra do; 4 65a4 70 shipping brands extra round hoop Ohio; market closing quiet but firm. Canadian flour firmer; sales 3 0 bbls at 4 20a6 20 for com to choice extra. Rye flour 3a3 87.

WHEAT—Scarce, and in fair demand for export, at better prices; sales 55,000 bus at 80a90 for Chicago spring; 98a101 for Bwaukee club; 1 02a1 05 winter red western; 1 0 al 12 white do; the first lot of new crop of red Georgia sold to day at 1 90.

RYE—Steady at 66a67.

BARLEY—Dull at 5 0a60.

OATS—A shade easier; sales 30,000 bus at 37½a37½ for mixed western; 37a37½ yellow southern.

CORN—Firmer for State and western at 44a46.

PORK—Lower and more active; sales 4000 bbls at 16 75a17 for mess; 16 for prime mess; 13 90a14 prime.

BEEF—Is unchanged.

STOCKS—Lower at 2d board; Tenn 6s 93, Mo 6s 88½, Pacific 75¼, Canton 19, N Y C 81½, Hudson 28½, M & M 80¼, Trio 16½, R 80, Reading 48, M S preferred 48, C & P 85¾.

BUFFALO MARKET.

BUFFALO, June 15.

FLOUR—Steady very scarce, and in good demand—sales 1,900 bbl at 4 4 2 for choice superfine to extra upper lake; 4 25a4 37 for extra Ohio and Ind; 4 50a4 62 for do do extra.

WHEAT—Quiet and firmer—sales 18,000 bush Chicago spring to arrive, at 77; 900 bush at 87½ for Red Ohio; 1,03 for white Mich.

CORN—Steady—sales 10,000 bushels mixed Illinois at 36c

OATS—Dull at 33c.

WHISKEY—Firm—sales 300 bbls at 21c.

FREIGHTS—Dull at 10c for wheat and 26c for flour to New York.

LAKE IMPORTS—24 hours to noon: 2,000 bbls flour, 22,000 bush corn.

CANAL EXPORTS—2 000 bbls flour, 20,000 bush wheat, 14 bush corn, 11,000 bush Oats.

PITTSBURG, FT. WAYNE & CHICAGO

RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore, and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken line of Railroad.

CHICAGO AND THE EAST.

FARE AS LOW AS ANY OTHER ROUTE.

Passengers wishing to try by this delightful and pleasant route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows:

6:00 A. M. 8.45 P. M.

With but one change of cars to Pittsburgh.

SLEEPING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going by this route will find it the most direct, delivering them with the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 80 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, at Dunkirk, N. Y. A. G. Leland.

JOHN J. HOUSTON, General Freight and Passenger Agent, Pittsburgh.
D. W. BOSS, Gen'l Western Agent, Chicago.
